

What is Pflaum Doing in Response to COVID-19?

Pflaum understands that many parishes and schools have chosen to cancel in-person classes due to developments arising from the coronavirus.

In light of the challenge this poses, we are offering **free** digital versions of the Unit 4 student lessons (English and Spanish) for the *Pflaum Gospel Weeklies* Faith Formation Program.

This gives you the ability to:

- download each week's lessons that you can email to parents.

OR

- give parents access to the site using your password so that they can print the lessons at home—please see this [link](#) for options on how to share a login with your families.

If you are not a current customer and are interested in a free digital version of the Pflaum Gospel Weeklies for Unit #4, please call us at 800-543-4383 for more information.

Current customers can access any of these files using their login email and password. More details are available online at www.gospelweeklies.com.
